

FEARS

F E A R S

Forewarned about the fanaticisms caused by fornication
Endorsed by the egotistic with notions of ecstasy
Adored and absolute
Rambunctious in its resolve
Self-servicing and sacrificial without sacrament

Fear it for its fixation
Elude its grip synonymous to enslavement
Avoid the addiction
Refrain from eventual relapse
See passed the sorcery

I fear dependency to this drug
The effects come without warning

When intense intimacy has you at the opposite end of guilt
free
